TOOLS SERVICE

Ready-to-use tools

With the strength of experience SETIAE offers ready-to-use tools, which have the objective of simplifying the everyday life of designers and digital engineers.

A tools catalogue will be available soon.

Bespoke tools

Adapting existing tools

Do you wish to adapt one of our ready-to-use tools for a specific purpose?

We can offer a customisation created by our IMS development team.

Bespoke tools

Adapting existing tools

Do you wish to adapt one of our ready-to-use tools for a specific purpose?

We can offer a customisation created by our IMS development team.

The creation of specific tools

For a tool reusable by another EPC

SETIAE will offer a 50% reduction on the cost of development and in due course the tool will be added to our catalogue. SETIAE will retain ownership.

For a tool non-reusable by another EPC

SETIAE will develop the tool according to your needs and you will be the sole owner.
